My wife had been troubled with Rheums-

SUMMER :

Every season has its own diseases, but Rheumatism belongs to all, for when it gets well intrenched in the system, and joints and muscles are saturated with the poison, the aches and pains are coming and going all the time, and it becomes an all-the-yearsections of the state are much elated round disease; an attack coming as quickly from sudden chilling of the body when overheated, a fit of indigestion or exposure to the damp, Easterly winds of Summer as from the keen, cutting winds, freezing atmosphere and bitter cold of Winter.

Rheumatism never comes by accident. It is in the blood and system before a pain is felt. Some

inherit a strong predisposition or tendency; it is born in them; but whether heredity is back of it or it comes from imprudent and careless ways of living, it is the same always and at all seasons. The real cause of Rheumatism is a polluted, sour and acid condition of the blood, and as it flows through the body deposits a gritty, irritating substance or sediment in the muscles, joints and nerves, and it is these that produce the terrible pains, inflammation and swelling and the misery and torture of Rheumatism. No

other disease causes such pain, such wide-spread suffering. It deforms and cripples its thousands, leaving them helpless invalids and nervous wrecks.

When neglected or improperly treated, Rheumatism becomes chronic, the pains are wandering or shifting from one place to another, sometimes sharp

and cutting, again dull and aggravating. The mus-cles of the neck, shoulders and back, the joints of the knees, ankles and wrists, are most often the seat of pain. Countless liniments and plasters are applied to get relief, but such things do not reach the poisoned blood; their effect is only temporary; they are neither curative nor preventive. The blood must be purified, and all irritating matter removed from the circulation before permanent relief and a thorough cure is effected, and no remedy does this so certainly and so quickly as S. S. S. It contains not only purifying and tonic properties, but solvent qualities as well, all these being necessary in eradicating the poison and making a complete and lasting cure of Rheumatism. S. S. S. cleanses the

blood of all irritating matter and the acid particles are dissolved and filtered out of the system, thus relieving the muscles and joints and removing all danger of future attacks. Under its tonic effect the nervous system regains its normal tone and the appetite and digestion improve, resulting in the upbuilding of the general health. S. S. S. contains no Potash or minerals of any description, but is guaranteed purely vegetable. Old people

will find it not only the best blood purifier, but a most invigorating tonic-just such a remedy as they need to enrich the blood and quicken the circulation. Whether you have Rheumatism in the acute or chronic stage, the treatment must be

internal, deep and thorough in order to be lasting. Never be satisfied with anything less than an absolutely perfect cure. This you can get by the use of S. S. S., the oldest and best purifier and greatest of all tonics. Write us fully and freely about your case, and medical advice will be given without

charge, and our special book on Rheumatism will be mailed free to all desiring it. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.
